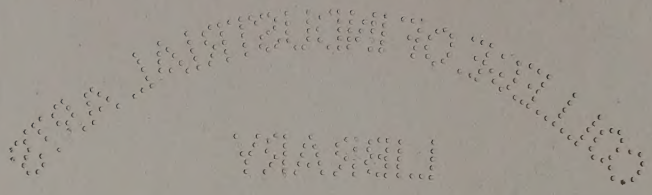
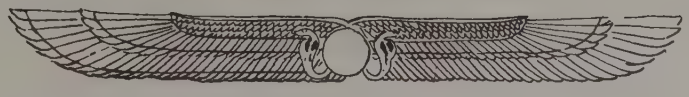
The Room Beautiful

A COLLECTION OF INTERIOR ILLUSTRATIONS SHOWING DECORATION AND FURNISHING DETAILS OF THE IMPORTANT FURNISHING PERIODS

CLIFFORD & LAWTON
NEW YORK



Copyright, 1915, Clifford & Lawton



IN presenting this Collection of Interiors, the largest collection of furnished interiors ever published, we wish to disclaim any pretensions to accuracy of grouping or environment. Many of the interiors are from museum photographs of rooms to which furniniture of approximate date has been added. Few good rooms are of inviolable period styles. The English periods nearly always overlapped. An approximate classification is all that can be reasonably expected. In many cases period styles are adapted. We have attempted, however, to present a chronological order of arrangement.

It is with feelings of gratitude that we have dedicated this volume to the Decorative Trades, in the realization that without the help and co-operation of our friends the decorators we never would have secured the vast amount of material that has served us in producing this work.
